"WEAKNESS"

tions in cases of so-called weakness is a simple matter, but to permanently restore strength and vigor is a problem that but few physicians have vigor is a problem that but few physicians have solved. We never treat for temporary effects. Under our system of treatment, every bit of improvement is a part of a permanent cure. Though other physicians have, through our success in effecting permanent cures, been convinced of the fact that prematureness, loss of power, etc., are but symptoms resulting from chronic inflammation or congestion in the prostate gland, none have as yet been able to duplicate our cures. Our system of local treatment is the only effective means yet known for restoring the prostate to its normal state, which always results in full and complete return of strength and vigor. Such a cure is absolutely permanent.
